

Expression of Interest (EOI)
for “Selection of Agency for Design and Development of
AI Based Climate Resilience Solution for
Ahmedabad Municipal Corporation”
EOI Reference No: SCADL_EOI_03_2026-27

February 2026

Invited By:
Smart City Ahmedabad Development Limited
Address: Command and Control Centre, Opp.
Divan Ballubhai School, Nr. Sanskar Kendra, Paldi,
Ahmedabad: 380007

The information contained in this Expression of Interest (“EOI”) document, whether subsequently provided to the Agencies (“Agency/s”) verbally or in documentary form by Smart City Ahmedabad Development Limited (“SCADL”) or any of its employees or advisors, is provided to Agencies on the terms and conditions set out in this EOI and such other terms and conditions subject to which such information is provided.

This EOI is not an agreement and is not an offer or invitation to any party. The purpose of this EOI is to provide the Agencies or any other person with information to assist in the formulation of their proposals. This EOI includes statements, which reflect various assumptions and assessments arrived at by SCADL in relation to this scope. Such statements and information do not purport to contain all the information that each Agency may require.

Each agency should, therefore, conduct its own surveys and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this EOI and obtain independent advice from appropriate sources before filling up the EOI.

Information provided in this document is on a wide range of matters, some of which depends upon interpretation of law. The information given is not an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. SCADL/AMC accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed herein.

SCADL/AMC its employees and advisors make no representation or warranty and shall have no liability to any person, including any applicant or agency under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this EOI or otherwise, including the accuracy, adequacy, correctness, completeness, delay or reliability of the EOI and any assessment, assumption, statement or information contained therein or deemed to form part of this EOI.

Notice for Inviting Expression of Interest

SMART CITY AHMEDABAD DEVELOPMENT LIMITD

Expression of Interest (EOI)

For

Selection of Agency for Design and Development of
AI Based Climate Resilience Solution for
Ahmedabad Municipal Corporation

EOI Pre Meeting	06/03/2026 – 13:00 Hrs.
Last Date for Online Submission:	23/03/2026 – 17:00 Hrs.
Last Date for Physical Submission	23/03/2026 – 17:00 Hrs.
Detail & EOI available on	tender.nprocure.com & www.ahmedabadcity.gov.in , https://smartcityahmedabad.com/
Smart City Ahmedabad Development Ltd. (SCADL) Office Address	Command and Control Centre, Opp. Divan Ballubhai School, Nr. Sanskar Kendra, Paldi, Ahmedabad - 380007
Email	smartcity@ahmedabadcity.gov.in, scadl.amc@gmail.com
For any AMC complaint/suggestion call 155303	

NOTE: Please address all queries and correspondence to:

Chief Executive Officer

Smart City Ahmedabad Development Limited
Command and Control Centre,
Opp. Divan Ballubhai School, Nr. Sanskar Kendra,
Paldi, Ahmedabad - 380007

E-mail: smartcity@ahmedabadcity.gov.in

SECTION 1: BACKGROUND

Ahmedabad Municipal Corporation (AMC) is the principal urban local body responsible for municipal governance, infrastructure development and delivery of civic services in Ahmedabad. AMC performs key civic functions including urban planning, water supply, transportation, public health, waste management and procurement of works and services. AMC has consistently adopted technology-driven initiatives to improve transparency, accountability and operational efficiency across its departments.

Smart City Ahmedabad Development Limited (SCADL) is the Special Purpose Vehicle constituted under the Smart Cities Mission to plan, develop and operate smart urban solutions for the city of Ahmedabad. As the nodal agency for technology-driven urban governance, SCADL has implemented major digital initiatives such as the Integrated Command and Control Centre (ICCC), citywide surveillance systems, emergency response platforms, smart mobility solutions, sensor-based environmental monitoring, integrated data management frameworks, e-challan systems and various e-governance initiatives. SCADL is also designing and implementing AI/ML-enabled use cases for data analysis and predictive insights using data collected through smart city cameras, IoT devices and sensors.

SCADL is responsible for strengthening institutional data flows across municipal departments and building city-level intelligence systems that support real-time monitoring and data-driven decision-making. Building on these foundations, SCADL is now establishing the Ahmedabad Urban Observatory (AUO) as a city-scale data repository and analytics platform to enable predictive intelligence through cross-sectoral insights, sectoral performance evaluation, and evidence-based urban governance. The proposed project is a core component of this vision, focused specifically on climate resilience and risk-informed decision-making.

1.1. Existing Scenario

At present, climate-related data and response mechanisms in Ahmedabad remain fragmented across departments and systems. Weather observations, air quality measurements, drainage incident records, health impacts, and infrastructure vulnerabilities are often analysed independently, limiting the city's ability to generate integrated forecasts, anticipate cascading impacts, and initiate proactive responses. While AMC operates multiple sensors, control rooms, and monitoring platforms, the absence of a unified predictive framework restricts the transition from reactive response to anticipatory risk management.

Climate events such as heatwaves, extreme rainfall, and pollution episodes are typically addressed after impacts have already occurred, resulting in higher restoration costs, emergency deployments, service disruptions, and public health burdens. There is a clear need for a system that combines real-time monitoring, high-resolution forecasting, spatial analytics, and automated decision support aligned with AMC's standard operating procedures.

1.2. Objectives

To address these challenges, AMC proposes to design and implement an AI based Climate Resilience

Solution under the Ahmedabad Urban Observatory. The objective is to build a city-scale, hyperlocal intelligence system capable of generating early warnings, supporting operational decision-making, and guiding long-term climate-resilient urban planning.

The project aims to achieve the following key outcomes, including but not limited to:

1. Establish a citywide, hyperlocal climate intelligence system that integrates real-time IoT sensor data, satellite observations, relevant open-source data and municipal datasets to monitor, forecast, and manage urban climate risks across the entire AMC area.
2. Develop and operationalize AI and physics guided forecasting models to generate short-term and seasonal predictions for urban flooding, heat stress, manair quality deterioration, and extreme weather events with ward and sub-ward level granularity.
3. Enable early warning and proactive response through automated, multi-channel alert dissemination systems aligned with AMC's departmental SOPs, ensuring timely preventive and protective actions for citizens and urban infrastructure.
4. Generate high-resolution spatial risk maps and vulnerability assessments to support operational decision-making for monsoon preparedness, heatwave mitigation, and air quality management.
5. Optimise allocation and deployment of municipal resources by embedding AI-driven risk scoring, prioritisation frameworks, and decision-support tools for addressing extreme heat, urban flooding and air quality.

For all kinds of data gathering & EOI submission criteria, the Agency must follow following matrix.

1.3. Purpose of EOI

The purpose of this Expression of Interest (EOI) is to invite eligible and experienced agencies to express their interest in the design, development, implementation, and maintenance of an AI-Based Climate Resilience Solution for Ahmedabad Municipal Corporation. Through this EOI, Smart City Ahmedabad Development Limited aims to identify technically qualified and financially capable Agencies with relevant experience in AI/ML-based solutions and environmental solutions. This process will help SCADL assess market capabilities, understand available solutions, and shortlist suitable agencies for the subsequent Request for Proposal (RFP) stage.

SECTION 2: SCOPE OF WORK

This section outlines the project description and scope of work for the AI-Based Climate Resilience Solution, covering the system's functional modules, project activities and expected deliverables.

The proposed platform shall incorporate the following modules:

2.1. AI and Physics-Guided Climate Forecasting Engine

- Design and implementation of a high-resolution hyperlocal weather forecasting system combining numerical weather prediction, AI/ML downscaling, and real-time data assimilation.
- Generation of short-term (up to 72 hours) and seasonal forecasts for rainfall, flooding, heat stress, air quality, lightning, and extreme weather events at ward and sub-ward levels.

2.2. Flood Risk Mapping and Vulnerability Assessment

- Development of neighbourhood-level flood risk maps integrating rainfall-runoff models, drainage capacity, DEMs, and historical waterlogging data.
- Identification of socio-demographic, infrastructure, environmental, and functional vulnerabilities to support monsoon preparedness and emergency response planning.

2.3. Heat Stress Mapping and Temperature Intelligence

- Creation of ultra-high-resolution ward-level temperature maps and heat stress indices using satellite data, urban morphology, and ground sensors.
- Integration with AMC's Heat Action Plan to guide cooling interventions, health advisories, and protection of vulnerable populations.

2.4. Air Quality Assessment and AQI Forecasting

- High-resolution spatial mapping and forecasting of air quality parameters using ground sensors, satellite inputs, emission inventories, and dispersion modelling.
- Generation of actionable insights aligned with AMC's Clean Air Action Plan and Air Information and Response Plan.

2.5. AI-Enhanced Unified Climate Dashboard and Chatbot

- Development of a multilingual (English and Gujarati) unified climate dashboard providing real-time forecasts, risk maps, alerts, and SOP-linked decision pathways.
- Integration of an AI chatbot enabling authorized officials to query risks, identify issues, and receive phased response and adaptation recommendations.

2.6. Early Warning and Multi-Channel Alerting System

- Implementation of automated, role-based early warning dissemination through SMS, IVRS, WhatsApp, email, mobile applications, and web dashboards.
- Alignment of alerts with departmental thresholds, SOPs, and audit-ready event logging.

2.7. Long-Term Climate Resilience Planning and Scenario Modelling

- Development of scenario-based climate simulations for future horizons (2030, 2036, 2047, and 2070) to support sustainable planning and Net Zero goals.
- Provision of tools for evaluating infrastructure investments, land-use changes, and policy interventions under future climate conditions.

SECTION 3: EVALUATION CRITERIA

Each agency should possess all the following eligibility criteria. Responses not meeting any of these eligibility criteria will be rejected.

3.1. Minimum Eligibility Criteria

#	Eligibility Criteria	Documentary Proof
1	<p>The Agency must be an Indian legal entity and shall be registered or incorporated under the provisions of the Companies Act, 2013 / Limited Liability Partnership (LLP) Act, 2008 / Indian Partnership Act, 1932 and subsequent amendments thereto.</p> <p>The Agency must:</p> <p>i) Possess a valid GST registration and PAN; and</p> <p>ii) Have been in operation in India for at least 3 years as on the EOI issuance date.</p>	<ul style="list-style-type: none"> • Copy of certification of incorporation issued by competent authority/ Registration Certificate/ Shop and Establishment Certificate/ DPIIT Registration Certificate • Copy of GST registration • Copy of PAN card • Agency Information Format described in section 5.2 of the EOI
2	<p>The Agency should have an average annual turnover of at least Rs. 50 lakhs from AI/ML Projects in the last three (3) financial years (i.e. FY 2022-23, FY 2023-24 and FY 2024-25)</p>	<p>Copy of Certificate from the Statutory Auditor / Chartered Accountant (CA) clearly specifying the annual turnover from AI/ML projects for the last 3 financial years, i.e. FY 2022-23, FY 2023-24 and FY 2024-25 as described in section 5.4 of the EOI</p>
3	<p>The Agency should not have been blacklisted or debarred by any Central Government/ State Government/ Urban Local Body (ULB)/ Smart City (SPV)/ PSU in India as on the date of bid submission.</p>	<p>Self-declaration by the Agency and OEM duly signed and stamped by the authorized signatory as described in section 5.5 of the EOI</p>
4	<p>The Agency should have demonstrable experience in implementation of AI/ML based mechanism in Central Govt./State Govt./ULBs/ Smart City (SPV)/ PSUs in the last five (3) years before the EOI issuance date.</p>	<ol style="list-style-type: none"> 1. Work Order (WO)/ Purchase Order (PO) 2. Details of experience as described in section 5.3 of the EOI
5	<p>The Agency should submit at least one distinct certification from any of the below certifications (valid at the time of applying):</p> <ul style="list-style-type: none"> ▪ CMMI- Process Level 3 or above ▪ ISO/ IEC 9001 ▪ ISO/ IEC 27001 ▪ ISO/IEC 20000 	<p>Valid copy of the certificate in the name of bidding entity (valid as on date of issuance of this EOI)</p>

3.2. Evaluation Matrix

#	Criteria	Marking	
1	<p>Proposal covering: Detailed Approach & Methodology and Detailed Work Plan & Execution Plan (Limited to 20 pages) If one of the maximum page lengths is exceeded, the content appearing after the cut-off point will not be included in the assessment.</p>	Components	Marks
		Detailed Approach and Methodology	30
		Detailed Work Plan and Execution Plan	20
		Maximum Marks	50
2	<p>Live Demo - The Agency will need to exhibit functional and non-functional requirements through a Live demo. The Live demo shall be conducted on a working product or configurable platform. Conceptual presentations or mock-ups shall not be considered.</p>	Components	Marks
		Able to demonstrate of ingestion and integration of multi-source data including IoT AWS sensors, weather feeds, satellite inputs, and AMC datasets into the platform.	10
		Able to demonstrate hyperlocal forecasts for rainfall, heat stress, flood risk, or air quality including ward level or neighbourhood level outputs with predictive lead time.	10
		Able to demonstrate AI Chatbot providing area-wise phased solutions for extreme heat, urban flooding and air quality.	10
		Ease of user interface, simplicity of navigation, and user friendliness demonstrated during the live session.	10
		Able to demonstrate automated alerts, threshold- based triggers linked to SOPs, role-based access for departments, and basic data security controls	10
		Maximum Marks	50
		Total Marks	100

SECTION 4: INSTRUCTION TO AGENCIES

4.1. Availing of EOI Documents

Eoi document can be downloaded from the web site (n)Procure (<https://tender.nprocure.com/>) up to the date and time mentioned in the Eoi Notice SCADL_EOI_03_2026-27

4.2. Submission of EOI Queries

Email Id for submission of queries: smartcity@ahmedabadcity.gov.in

The queries must be submitted in the following format only:

S.No	EOI Reference Section and Page No.	Contents of the Section	Queries/Clarification

4.3. Amendment of EOI Document

At any time before the deadline for submission of bids, SCADL may, for any reason, whether at its own initiative or in response to a clarification requested by a agency, modify the EOI Document by an amendment, which will form the part of the original EOI document and shall override any contradicting effects in the original EOI document.

In order to afford agencies reasonable time in which to take the amendment into account in preparing their concept note, SCADL may, at its discretion, extend the last date for the receipt of application.

The agency is advised to visit the website (n)Procure website (<https://tender.nprocure.com/>) on regular basis for checking necessary updates. SCADL also reserves the rights to amend the dates mentioned in this EOI.

4.4. SCADL's rights to terminate the Process

SCADL may terminate the EOI process at any time without assigning any reason. SCADL makes no commitments, expresses or implied that this process will result in a business transaction with anyone. This EOI does not constitute an offer by SCADL.

4.5. Right to Accept or Reject Any applications

SCADL reserves the right to accept or reject any application and annul the process and reject all applications at any time prior to award of contract, without thereby incurring any liability to the affected agency or agencies or any obligation to inform the affected agency or agencies of the ground for SCADL's

action.

4.6. Sealing, marking and submission of EOI

The response to this EOI document should be submitted through Email and Postal Speed Post or Courier or in person, so as to reach on or before 23/03/2026 up to 17:00 hrs. SCADL won't be responsible for any postal delays. Details to be mentioned exactly on sealed envelope:

EOI for Selection of Agency for Design and Development of AI Based Climate Resilience Solution Ahmedabad Municipal Corporation	
To,	
The Chief Executive Officer,	
Smart City Ahmedabad Development Ltd.,	
Command and Control Centre,	
Opp. Divan Ballubhai School, Nr. Sanskar Kendra,	
Paldi, Ahmedabad – 380007	
From,	
Name of the Company	
Address	
Contact No.	

4.7. EOI Submission Format

The entire proposal shall be strictly as per the format specified in this Expression of Interest. Applications with deviation from this format shall be liable for rejection.

4.8. Evaluation of EOI

The information provided may be considered and may contribute to the formulation of the proposed RFP. SCADL may optionally invite agencies to make a further detailed presentation on their Proposal and their inputs as part of the consideration. The feedback received may be considered for formulating the actual RFP.

SCADL may require verbal/written clarifications from the agency to clarify ambiguities and uncertainties arising out of the information submitted.

Workable comments and suggestions on the Scope of Work of this Eoi that could overall improve the quality/effectiveness of this project shall be considered by SCADL at its own discretion.

SECTION 5: FORMATS

5.1. Cover Letter

(To be submitted on Agency's letterhead duly signed by Authorized signatory)

Date: DD/MM/YYYY

To,
The Chief Executive Officer
Smart City Ahmedabad Development Limited
Command and Control Centre,
Opp. Divan Ballubhai School,
Nr. Sanskar Kendra, Paldi,
Ahmedabad: 380007.

Sub : "Selection of Agency for the Design and Development of AI based Climate Resilience Solution"

Ref : SCADL_EOI_03_2026-27

Dear Sir,

Having examined the EOI, the receipt of which is hereby duly acknowledged, we, the undersigned, offer to provide the professional services as required and outlined in the EOI for the "Selection of Agency for the Design and Development of AI based Climate Resilience Solution".

We attach hereto our responses to pre-qualification requirements and technical proposals as required by the EOI. We confirm that the information contained in these responses or any part thereof, including the exhibits, and other documents and instruments delivered or to be delivered to AMC/SCADL, is true, accurate, verifiable and complete. This response includes all information necessary to ensure that the statements therein do not in whole or in part mislead the department in its short-listing process.

We fully understand and agree to comply that on verification, if any of the information provided here is found to be misleading the selection process, we are liable to be dismissed from the selection process and legal action.

We agree for unconditional acceptance of all the terms and conditions set out in the EOI document and also agree to abide by this EOI response. We agree that you are not bound to accept any EOI response you may receive. We also agree that you reserve the right in absolute sense to reject all or any of the products/ services specified in the EOI response.

It is hereby confirmed that I/We are entitled to act on behalf of our company/ corporation/ firm/ organization and empowered to sign this document as well as such other documents, which may be required in this connection.

Signature of Authorized Signatory (with official seal)
